5.7L V8 HEMI BSG	7100	3900	4100	465
CREW CAB SHORT BOX 4X4 BIG HORN				
5.7L V8 HEMI	7100	3900	4100	465

NOTES:

1. 400 lb. blade weight and 65 lbs. of plow hardware considered for plow availability
2. Snowplow calculations are based upon **maximum** vehicle options
3. Single passenger weight = 150 lbs. (Driver Only)

CAUTION:

Vehicle models require adequate ballast behind the rear axle to ensure that the front axle is within GAWR. The GVWs, GAWRs, and base weights are provided in the technical information section to allow calculation of the appropriate ballast. Front and Rear GAWR should never be exceeded for all models with passengers and optional equipment.
